"Lived down that till I was twenty." to put inside of himself I'd a been a dead man ne, married a gal up in these parts, and twenty-nve years ago." And I didn't say a Rapid Locomotive Building.

come in. I recken we kin fix you. Hitch your locomotive, that it could by any possibility be put together in less than one day? A Lon-"I should say so," I replied, as I obeyed his don paper states that the reat was accom-Eastern Railway, of England. The locomotive was a "standard freight locomotive of the six-coupled type, weighing more than thirtyseven tons and able to haul a load of 560 tons." asked with an appetizing laugh. "And I occupied less than ten hours.

> must be thought of. If you're going to have your flannels washed in the old-fashioned. rubbing, twisting, wrenching way with soap and a washboard, then you'll,) look something like This by the time the leaves fall. Flannel is flannel, and it shrinks unless it's washed as it ought to be—with Pearline. Beginning of

that your toggery shall be

washed only with Pearline
